Good afternoon,

Wanted to follow-up from our Dec. 12th meeting.

All in all, I think it went well. There was a heated moment here and there but all ended well.

Attached for your review is the latest redlined version of the policy as per discussion during meeting. There are only a couple of significant changes:

- The ranchers wanted more emphasis somewhere in the document that the operators of the line would coordinate closer with ranchers on route of the temp lines.
 - That edit is on page 4. We took line item #5 and moved it to #1 with added language.
- There was a concern by industry as to when the clock would restart if trespass issues occur.
 - There is added language on last page (page 8) that states clock starts 3 years after first trespass is issued.

Next steps:

- BLM to review
- Cody to get with Jim Stovall to review the document and get concurrence with Jim prior to Jan. 9th SENM PLA meeting.
- Targeting release of document for use after SENM PLA meeting. Probably a Jan. 15th date.

Please let me know if you have any questions or concerns with V4 of the policy. Thank you!

Wishing you and yours Happy Holidays!!

Sincerely,

Yolanda Perez

Jim,

I wanted you to see the most recent draft. I think they really are hoping we are ok with the document to push out to the group on the SE public meeting on the 9th of January.

Hello,
On the trespass I am working on some language that is would correspond with the regulation.

Good morning and Happy New Year!

Wish you both the best in 2018!

Just checking on trespass language in hopes that we can finalize policy. Any updates?

Regards,

Yo
